THE BULLETIN OF THE CENTRAL MARINE FISHERIES RESEARCH INSTITUTE WILL BE PUBLISHED AT IRREGULAR INTERVALS AS AND WHEN INFORMATION OF A GENERAL NATURE BECOMES AVAILABLE FOR DISSEMINATION TO THE RESEARCH WORKERS AS WELL AS THE PUBLIC.

FOREWORD

The present Bulletin is the second in the series issued by the Central Marine Fisheries Research Institute and lists the Serials and Expedition Reports available in the library. In addition to the Publications catalogued, the library has over 3000 books and a very large number of reprints. The Institute's library is one of the best on fisheries and marine sciences in the Indian Ocean Region and it is hoped that a catalogue of this kind will be useful to those interested in getting an idea of its holdings. Quite a large number of the serials are incomplete at present but it is proposed as far as possible to complete, during the ensuing five-year plan period, those which are of direct interest to the work of the Institute.

The Catalogue is prepared by Mr. K. Kanakasabapathi, Librarian of this Institute. The fact that he did this, in addition to the heavy task of looking after single-handedly the Institute's library, is a matter of credit to him. It gives me great pleasure to record here my high appreciation of him for the same.

Explanation

The titles are arranged in alphabetical order disregarding articles, prepositions, conjunctions etc. Acronyms are treated as words and placed accordingly in the alphabetical sequence. The details of rendering of the titles are given below:

1. **Title:** Title of the serial is given in full with alternate title, if any, in parentheses.

2. **Sponsor:** Where the serial is an organ of a sponsoring body such as a Society, Institute, Government Department etc., information about the same given immediately following the title, if it does not already form part of the title. The abbreviations FAO and UNESCO are used to indicate the Food and Agriculture Organization of the United Nations and United Nations Educational Scientific and Cultural organization respectively.

3. **Place of publication:** Place from where the serial currently published is given according to the usage in English language, e.g. Warszawa as Warsaw and Copenhagen or Kobenhavn as Copenhagen. In case the place is not well known, the name of the State or Country where the place is situated is given immediately after the place, for clarity.

4. **History of the Title:** Information about the history of a serial, such as change of title, amalgamation, splitting, etc., is given, but restricted to the holdings of the library. Terms such as *Contd from*, *contd as*, *now as*, *amalgamating*, *split into* etc., have been used for indicating the changes.

5. **Language:** The language of the publications indicated in all cases (except English Serials) using the following symbols in square brackets. All the languages, including English, are indicated in the case of multi-lingual Serials.

Ar	Arabic	It	Italian
Ch	Chinese	Ja	Japanese
Cs	Czec	Nl	Dutch
Da	Danish	No	Norwegian
De	German	Pl	Polish
En	English	Pt	Portuguese
Es	Spanish	Ro	Romanian
Fi	Finnish	Ru	Russian
Fr	French	Sh	Serbo-Croatian
Gu	Gujarati	Si	Sinhalese
He	Hebrew	Sv	Swedish
Hi	Hindi	Ta	Tamil
Hu	Hungarian		

6. Holdings: The holdings section of a serial gives the volume numbers held in the library with their corresponding years. For a serial currently received, a long hyphen is given immediately after the first volume held in the library. Information about gaps or incomplete volumes is indicated within square brackets and the volume numbers of incomplete volumes are underlined. Examples are given below.

12(1950), 23(1961)	Volume 12 (1950) and Volume 23(1961) of the Serial are only available.
No. 6(1906), 10(1907), 14(1910)	Issue number 6(1906), number 10(1907) and number 14(1910) of the Serial are only available.
1(1954) –	The Serial is available from volume 1(1954) to date and the set is complete.
s9: 1(1918) – [<u>7-9</u> , 11-14, <u>16-17</u>]	The Serial is available from volume 1(1918) of the ninth series to date but the volumes 7, 8, 9, 16 and 17 are incomplete and the volumes 11 to 14 are not available in the set.
No. 4(1938) – 20(1946) [7-9]	The Serial is available from the issue number 4(1938) to number 20(1946) and number 7,8 and 9 are not available in the set.
1961 -	The Serial is available from the issue for the year 1961 to date and the Serial bears no volume number or issue number.

Roman numeral is rendered into Arabic.

The expedition reports are grouped separately and arranged in the alphabetic order of the name of the expeditions.
